Forskningsoutput

Comment on: Association between attention deficit hyperactivity disorder and outcomes after metabolic and bariatric surgery: a nationwide propensity matched cohort study

Järholm, K., 2023, I: Surgery for Obesity and Related Diseases. 19, 2, s. 100-101

Long-term outcomes following adolescent metabolic and bariatric surgery

Beamish, A., Ryan Harper, E., Järholm, K., Janson, A. & Olbers, T., 2023, (E-pub ahead of print) I: The Journal of clinical endocrinology and metabolism.

Metabolic and bariatric surgery versus intensive non-surgical treatment for adolescents with severe obesity (AMOS2): a multicentre, randomised, controlled trial in Sweden

Järholm, K., Jansson, A., Peltonen, M., Neovius, M., Gronowitz, E., Engström, M., Laurenus, A., Beamish, A., Dahlgren, J., Sjögren, L. & Olbers, T., 2023, (E-pub ahead of print) I: The Lancet Child and Adolescent Health.

Long-term changes in dietary intake and its association to eating-related problems after gastric bypass in adolescents

Henfridsson, P., Järholm, K., Wallengren, O., Gronowitz, E., Marcus, C., Flodmark, C-E., Dahlgren, J. & Laurenus, A., 2022 dec., I: Surgery for Obesity and Related Diseases. 18, 12, s. 1399-1406

AMOS2: Two-Year Outcomes After Bariatric surgery or Intensive Treatment in Adolescents with Severe Obesity – a Randomized Clinical Trial

Järholm, K., Jansson, A., Peltonen, M., Gronowitz, E., Engström, M., Beamish, A., Dahlgren, J., Sjögren, L. & Olbers, T., 2022.

Metabolic and Bariatric Surgery in adolescents – for whom, when, and how?

Janson, A., Järholm, K., Sjögren, L., Dahlgren, J., Beamish, A. J., Gronowitz, E. & Olbers, T., 2022, (E-pub ahead of print) I: Hormone Research in Paediatrics.

Vågar vi väga barn?

Järholm, K. & Grelz, M., 2022, Skolhälсан.

Depression, anxiety, and suicidal ideation in young adults 5 years after undergoing bariatric surgery as adolescents

Järholm, K., Olbers, T., Peltonen, M., Marcus, C., Flodmark, C. E., Gronowitz, E., Dahlgren, J. & Karlsson, J., 2021 maj 1, I: Eating and Weight Disorders. 26, 4, s. 1211-1221 11 s.

High prevalence of neurodevelopmental problems in adolescents eligible for bariatric surgery for severe obesity

Björk, A., Dahlgren, J., Gronowitz, E., Henriksson Wessely, F., Janson, A., Engström, M., Sjögren, L., Olbers, T. & Järholm, K., 2021, I: Acta Paediatrica, International Journal of Paediatrics. 110, 5, s. 1534-1540

Obesitasopererade patienter ska livslångt följas upp i primärvården

Järholm, K., Mossberg, K., Olbers, T. & Engström, M., 2021, AllmänMedicin, 4.

Patients' views of long-term results of bariatric surgery for super-obesity: sustained effects, but continuing struggles
Järvholm, K., Olbers, T. & Engström, M., 2021, I: *Surgery for Obesity and Related Diseases*. 17, 6, s. 1152-1164 13 s.

Three decades of increase in health anxiety: Systematic review and meta-analysis of birth cohort changes in university student samples from 1985 to 2017

Kosic, A., Lindholm, P., Järvholm, K., Hedman-Lagerlöf, E. & Axelsson, E., 2020 apr., I: *Journal of Anxiety Disorders*. 71, 102208.

5-year mental health and eating pattern outcomes following bariatric surgery in adolescents: a prospective cohort study

Järvholm, K., Bruze, G., Peltonen, M., Marcus, C., Flodmark, C. E., Henfridsson, P., Beamish, A. J., Gronowitz, E., Dahlgren, J., Karlsson, J. & Olbers, T., 2020, I: *The Lancet Child and Adolescent Health*. 4, 3, s. 210-219 10 s.

Viktnedgång - inte alltid den smala vägen till lycka

Järvholm, K., 2020, *Dietisten*, 1, 1, s. 6-8.

Fetmakirurgi bör kunna erbjudas före 18 vid allvarlig fetma

Janson, A., Järvholm, K., Gronowitz, E., Önnarfält, J., Ekbo, K., Engström, M., Elimam, A., Thorell, A., Sjögren, L., Dahlgren, J. & Olbers, T., 2019 jan. 15, I: *Läkartidningen*. 116, 3

Five-year outcomes in mental health problems in adolescents undergoing bariatric surgery: results from a prospective Swedish nationwide study

Järvholm, K., Bruze, G., Neovius, M., Peltonen, M., Flodmark, C-E., Henfridsson, P., Beamish, A., Gronowitz, E., Dahlgren, J., Karlsson, J. & Olbers, T., 2019.

Predictors of suicidal ideation in adolescents five years after bariatric surgery – results from a prospective Swedish nationwide study (AMOS)

Järvholm, K., Olbers, T., Marcus, C., Flodmark, C-E., Peltonen, M., Gronowitz, E., Dahlgren, J. & Karlsson, J., 2019.

Symptoms of Neurodevelopmental Problems in Adolescents With Severe Obesity (AMOS II)

Björk, A., Dahlgren, J., Gronowitz, E., Engström, M., Klaesson, S., Jansson, A., Olbers, T. & Järvholm, K., 2019.

We still need to know more about adolescents with attention deficit hyperactivity disorder who undergo surgery for severe obesity

Järvholm, K., 2019, I: *Acta Pædiatrica*. 109, 3, s. 436-437 2 s.

Book talks among people with chronic non-cancer pain: Literary meaning making in a shared reading group

Ohlsson, A., Ingemansson, M., Forslid, T., Grelz, H., Gustafsson, A. W., Järvholm, K. & Rivano, M., 2018 dec., I: *Working Papers in Medical Humanities*. 4, 1, 22 s.

Fördomar skadar många med fetma

Abrahamsson, N., Jacobson, P., Järvholm, K., Larsson, I., Magnusson, M., Rydén, M., Trolle Lagerros, Y. & Uddén Hemmingsson, J., 2018 okt. 11, I: *Svenska Dagbladet Debatt*.

Ohållbar vårdssituation för barn med fetma

Dahlgren, J., Jansson, A., Järvholm, K., Meksa, S., Sjögren, L., Vinglid, J. & Önnarfält, J., 2018 okt. 4, I: *Svenska Dagbladet Debatt*.

Binge eating and other eating-related problems in adolescents undergoing gastric bypass: results from a Swedish nationwide study (AMOS)

Järvholm, K., Olbers, T., Peltonen, M., Marcus, C., Dahlgren, J., Flodmark, C. E., Henfridsson, P., Gronowitz, E. & Karlsson, J., 2018 aug. 1, I: *Appetite*. 127, s. 349-355 7 s.

Laparoscopic Roux-en-Y gastric bypass in adolescents with severe obesity (AMOS): a prospective, 5-year, Swedish nationwide study

Olbers, T., Beamish, A. J., Gronowitz, E., Flodmark, C-E., Dahlgren, J., Bruze, G., Ekbohm, K., Friberg, P., Göthberg, G., Järholm, K., Karlsson, J., Mårild, S., Neovius, M., Peltonen, M. & Marcus, C., 2017 jan. 5, I: *The Lancet Diabetes and Endocrinology*. 5, 3, s. 174–183

Characteristics of adolescents with poor mental health after bariatric surgery

Järholm, K., Karlsson, J., Olbers, T., Peltonen, M., Marcus, C., Dahlgren, J., Gronowitz, E., Johnsson, P. & Flodmark, C-E., 2016 feb. 3, I: *Surgery for Obesity and Related Diseases*.

Mental health in adolescents 1 to 5 years after bariatric surgery – results from a Swedish nationwide study AMOS

Järholm, K., Olbers, T., Flodmark, C-E., Marcus, C., Dahlgren, J., Gronowitz, E. & Karlsson, J., 2016, *Obesity Facts* . Vol. 9. s. 300

Mental health in adolescents undergoing bariatric surgery: Psychological outcomes four months and two years after gastric bypass

Järholm, K., 2016, Lund: Lund University. 150 s.

The Adolescent Morbid Obesity Surgery (AMOS) study: Fiveyear outcomes following laparoscopic Roux-en-Y gastric bypass in a Swedish nationwide study

Olbers, T., Beamish, A., Gronowitz, E., Peltonen, M., Neovius, M., Flodmark, C-E., Dahlgren, J., Friberg, P., Göthberg, G., Mårild, S., Ekbohm, K., Järholm, K. & Marcus, C., 2016, s. 296.

Weight-related psychosocial problems in adolescents before and over 5 years after bariatric surgery – results from a Swedish nationwide study AMOS

Järholm, K., Olbers, T., Flodmark, C-E., Marcus, C., Dahlgren, J., Gronowitz, E., Peltonen, M., Beamish, A., Engström, M., Friberg, P., Ekbohm, K., Neovius, M. & Karlsson, J., 2016, s. 295.

A5027 - Characteristics of adolescents with a poor mental health outcome after bariatric surgery

Järholm, K., Karlsson, J., Peltonen, M., Marcus, C., Olbers, T., Johnsson, P., Dahlgren, J., Flodmark, C-E. & Gronowitz, E., 2015.

Two-year trends in psychological outcomes after gastric bypass in adolescents with severe obesity.

Järholm, K., Karlsson, J., Olbers, T., Peltonen, M., Marcus, C., Dahlgren, J., Gronowitz, E., Johnsson, P. & Flodmark, C-E., 2015, I: *Obesity*. 23, 10, s. 1966-1972

Depression Symptoms in Adolescents with Severe Obesity Two Years After Gastric Bypass

Järholm, K., Olbers, T., Marcus, C., Gronowitz, E., Dahlgren, J., Johnsson, P. & Flodmark, C-E., 2013.

Switching From Originator to Biosimilar Human Growth Hormone Using Dialogue Teamwork: Single-Center Experience From Sweden.

Flodmark, C-E., Lilja, K., Woehling, H. & Järholm, K., 2013, I: *Biologics in Therapy*. 3, 1, s. 35-43

Short-Term Psychological Outcomes in Severely Obese Adolescents After Bariatric Surgery

Järholm, K., Olbers, T., Marcus, C., Mårild, S., Gronowitz, E., Friberg, P., Johnsson, P. & Flodmark, C-E., 2012, I: *Obesity*. 20, 2, s. 318-323

Psychological outcomes in severely obese adolescents short term after gastric bypass

Järholm, K., Olbers, T., Marcus, C., Mårild, S., Gronowitz, E., Friberg, P., Johnsson, P. & Flodmark, C-E., 2011, (Accepted/In press).

Overweight: What kids say: What's really causing the childhood obesity epidemic

Järholm, K., 2010, I: *Acta Pædiatrica*. 99, 12

Self-concept improves in severely obese adolescents shortly after gastric bypass

Järholm, K., Olbers, T., Marcus, C., Mårild, S., Gronowitz, E., Johnsson, P. & Flodmark, C-E., 2010.
